ABOUT

What Nix Capital is

A disciplined, rules-based platform for gold traders and investors.

Nix Capital is a structured gold trading and investment platform built around two daily XAU/USDT signal windows. Members lock capital into one of five tiers and grow it through transparent, rules-based compounding over a 35-day maturity period.

- Two signal windows per day — 13:00 and 17:00 UTC
- 1% guaranteed gain per executed signal
- Multi-chain USDT deposits — BSC, ETH, SOL, TRX
- KYC verified accounts with bank-grade security
- Transparent fee structure and on-chain settlement
- 5-level rank program with cash + physical rewards

THE PROMISE

Double your initial investment in 35 days through guided gold trading signals.

Backed by structured risk rules, multi-chain settlement and a global member network.

HOW IT WORKS

From sign-up to payout

Four simple steps. Transparent at every stage.

01

Open an account

Register with your sponsor's referral code. KYC takes minutes.

02

Fund your wallet

Send USDT on BSC, ETH, SOL or TRX. We confirm on-chain.

03

Pick a package

Lock funds into one of five tiers. Bigger packages compound faster.

04

Trade the signal

Hit the button inside each window to lock your 1% gain.
